

About OYA Renewables

OYA Renewables is a North American full-service solar developer and independent power producer. Its projects provide clean energy and widespread economic and environmental benefits for landowners, communities, and energy customers. It is committed to developing and operating solar projects, with a particular focus on community solar, that incentivize the participation of low-to-moderate income households. Founded in 2009, OYA is the first North American solar platform to have been certified as a diverse supplier and minority business enterprise. We have successfully monetized in excess of 1,400 MW_{DC} of distributed and utility-scale solar projects across North America and our current development pipeline exceeds 6 GW_{DC}.
